

HTR-1000CD Hybrid Stereo CD-Receiver

The HTR-1000CD is a high-fidelity, midi sized stereo hybrid DAB+ / FM receiver with a built-in CD player.

High power 75W per channel can properly drive different types of speakers. Now your music will play louder, more clearly and with higher dynamics!

All-in-one stereo system with no compromises in sound performance.

Bluetooth™ Class A / B

Hybrid design utilizing two 12AX7B tubes in the preamp section ensures a very warm, linear and lifelike sound with high dynamic presentation at the same time.

DAB+ (Digital Audio Broadcasting) tuner - listen to your favorite radio stations in the best digital quality. Enjoy your digital radio in high-resolution, crystal clear sound.

USB input – quickly and easily play your music from USB flash drivers (MP3 and WMA audio files).

Bluetooth® wireless audio streaming – stream your music from any smartphone, tablet, computer or other digital device.

Equalizer and treble-bass control to perfectly adjust the music to your preferences.

High-end banana speaker terminals accept raw speaker cables up to 10AWG and the most popular types of connectors.

I recommend it with pleasure and conviction.
